

It has been brought to my attention that there is the chance of losing a very important radio station in this area. I have listened to positive and encouraging "K-LOVE" for some time now. The resource of local, Regional & National news & weather, and most importantly, items of interest and education to me and my family are priceless. This station has impacted this area in so many positive ways. It has been a great place to get some of the best unbiased news reports I have ever heard on the air waves. I strongly urge those in position to change anything at all with this programming/K-LOVE to simply leave it as it is or improve the reception of it in the state of Utah and most importantly the Salt Lake City Region. Displacing K-LOVE with some other LPFM station would NOT benefit this area in any way shape or form. Thank You for Listening...Arthur W. Bargerstock, SLC, UT
